

## Program Completer Effectiveness and Impact on P-12

**Purpose:** To discover how our education program completers are performing in the classroom with particular attention to a) the impact that they are having on their students growth and learning; and b) how they are able to apply the knowledge, skills, and dispositions outlined in our programs. This is for our education program's ongoing efforts to ensure quality and continuous improvement. Case study summaries will be written up to share internally and with accreditors. This will not be used for scholarly publications or presentations.
