December 15, 2025
10:00 – 11:30 a.m.

The Pennsylvania State System of Higher Education consists of 14 universities across the state. Those 14 universities use a centralized procurement system under PASSHE. This allows businesses to sell not to one or two universities, but 14 simultaneously. Which products and services are a good fit for working with PASSHE? The university system purchases everything from office and laboratory supplies to construction services and equipment.
