

# U.S. Army Corps of Engineers Webinar Contracting with USACE

July 15, 2025  
10:00 – 11:30 a.m.

The U.S. Army Corps of Engineers (USACE) not only oversees construction projects but also operates and maintains critical infrastructure in the Pittsburgh area. Our presenter will discuss best practices and requirements for working with this agency. Attendees will also receive an overview of current and future USACE projects in the Pittsburgh region, where to find these opportunities, and how to get involved as a prime or subcontractor.

## *Topics*

- *Where do you need to be registered to work with USACE?*
- *What projects can you become involved in?*
- *Are there small business set-aside opportunities with USACE?*

## **About Our Speaker**

**Eileen Hodges** is the Deputy for Small Business for Huntington District, USACE
