

# Demystifying the Joint Certification Program (JCP): A Practical Guide for Contractors

**JCP - DD-2345**

**September 17, 2025  
2:00 pm EST**

Are you a contractor needing access to unclassified military technical data due to a Prime flow-down requirement or a DLA DIBBS bidding opportunity? If so, obtaining Joint Certification Program (JCP) approval is essential—but the process can be confusing and overwhelming.

Join Robyn Rowan, Program Manager for the Northwest Commission APEX Accelerator, for an informative training session designed to simplify the JCP application process. Robyn will walk you through the key steps, share practical tips, and provide tools and resources to help you:

- Understand the purpose and requirements of the JCP
- Navigate the online application system with confidence
- Avoid common pitfalls and delays
- Access support to streamline your certification journey

Whether you're new to JCP or have struggled with the process in the past, this session will equip you with the knowledge and clarity you need to move forward successfully.
