

Our government partner, the U.S. Army Engineer Research and Development Center (ERDC), is seeking innovative solutions to support the engineering design of an emergency closure system for Winfield Locks and Dam in Winfield, West Virginia. Funding of up to \$2,100,000 may be awarded under this effort.

Submission deadline: October 23, 2026, at 5:00 PM CT

View project details & submit: <https://www.erdowerx.org/emergency-closure-system-for-winfield-locks-and-dam/>

To date, ERDC has awarded over \$1.5 billion to innovators who have submitted through the no-cost ERDCWERX portal.

We encourage you to explore this opportunity and submit a solution for consideration.
