

Starfish Newsletter

FALL 2025 UPDATES

Mid-semester is here! Thank you for continuing to use Starfish to support our students. Below are highlights from Roster Verification and Progress Surveys, along with reminders and help.

ROSTER VERIFICATION UPDATE

Thank you to all faculty who participated in Roster Verification!

- 92% of faculty completed roster verification - our highest rate ever!

This helps us keep accurate enrollment, spot students needing support, and meet federal aid requirements.

PROGRESS SURVEY UPDATE

We are also excited to share the results from this semester's Progress Surveys:

- 70% faculty completion rate
- 21,691 students reported as Green (on track)
- 2,158 students flagged as Yellow (concern)
- 1,601 students flagged as Red (at risk)

Why This Matters:

- ✓ Early intervention: Identifies students struggling before midterms
- ✓ Reinforces enrollment accuracy and financial aid compliance
- ✓ Targeted outreach connects students with tutoring, supplemental instruction, and success coaching
- ✓ Supports retention by ensuring timely feedback and proactive outreach by academic support programs

Your feedback makes a difference; thank you!
