# Duquesne-PennWest Conference on Global Bioethics

Pittsburgh, PA | NOV 7-9, 2024

➔ Duquesne University's Center for Global Health Ethics and the James F. Drane Bioethics Institute at PennWest University will hold the first **Biannual Conference on Global Bioethics** from **November 7th-9th, 2024** in **Pittsburgh, Pennsylvania**.

The Duquesne-PennWest Conference on Global Bioethics provides a platform for leaders, scholars, activists, policymakers, stakeholders and students to shed light on different aspects of global bioethics, discuss their ideas and research projects, create networks and alliances, and learn about the groundbreaking theoretical and practical ideas in the field.

**REGISTER TODAY!**  
[duq.edu/DuqPennWest](https://duq.edu/DuqPennWest)

**All topics related to global bioethics are welcome to be shared, analyzed and discussed at this conference, including:**

- The ethical theories and principles guiding global bioethics
- The bioethical aspects of globalization
- The Global Governance for Health
- The role of global and international organizations
- The health consequences of global warming
- COVID-19 pandemics
- Disease control at the global level
- International research collaborations
- Health inequality
- Other related topics
